

Analyzing Photographs- People's Role in the Holocaust

Directions: There are 7 photos to analyze in the document. All photos were taken in Europe during World War II . Please choose three and answer the following questions for each photo. (Photos are numbered on the lower right hand side of the page.) Don't worry about being right or wrong- what's most important is that you try your best!

The first photo I am choosing to analyze is _____ (write the number on the line)

How many people do you see in this photo?

Do the people all seem to belong to the same group? Explain your thinking.

On the most general level, what is the setting or location? Where was the photograph taken? Outside, on the street, inside a building?

Based on your observations, what do you think is happening in the photograph? Write a caption for the photograph.

The second photo I am choosing to analyze is _____

How many people do you see in this photo?

Do the people all seem to belong to the same group?

On the most general level, what is the setting or location? Where was the photograph taken? Outside, on the street, inside a building?

Based on your observations, what do you think is happening in the photograph? Write a caption for the photograph.

The third photo I am choosing to analyze is _____

How many people do you see in this photo?

Do the people all seem to belong to the same group?

On the most general level, what is the setting or location? Where was the photograph taken? Outside, on the street, inside a building?

Based on your observations, what do you think is happening in the photograph? Write a caption for the photograph.
